

My Walk To Langness

Yesterday I went on a windy walk to Langness. I found this sign that told us what type of animals live in the field and how to look after them. What farm animals can you see in the photographs? On your walks with your family, can you see any signs similar to the one I found?

On our walk we found a gate that told us there will be sheep in the field and we must shut the gate to make sure the sheep do not escape! Have you seen gates like this before? Where did you see them? We were lucky to see a flock of sheep in the field! On your next walk with your family look out for some farm animals.

On my walk, I saw these footprints, who do you think they belong to?

Take care,
Miss Longshaw.
