

## Spring on the Farm

Over the weekend I have been painting my farm picture. But I need your help. I would like to paint my pig pink but I have no pink paint. What two paint colours could I mix together to create the colour pink?

I found out if you mix red and white paint together it makes the colour pink.

Try and have a go at drawing or painting a farm picture, think about what farm animals would live on your farm.

Miss Longshaw.
