Curriculum

At Foxdale Primary School we are committed to providing a Curriculum which is broad and balanced, and provides our pupils with opportunities to gain essential knowledge, skills and understanding.

Our aim is for all children to enjoy their learning, achieve their potential and become independent life-long learners. We aim high, striving for every child to achieve more than they thought possible.

Our curriculum nurtures curious minds, stretches the imagination and provides opportunities for every child to discover their particular talents. We believe that education should take place in a fully inclusive environment with equal opportunities for all, where children feel safe to try new things and to thrive.
